"Auditing" students DO NOT HAVE library borrowing rights or MOODLE web access.

## Other Study Options

NTC has a wide range of courses which can be taken either as stand-alone units or as part of an award of the college.

This autumn we've got MA options in Biblical Studies and in Mission (a great continuing education choice for those in ministry-related professions).

We've also got a huge range of undergraduate courses: take the time to learn some Hebrew; get some sound foundations for interpreting the Bible; learn about how to grow healthy churches, engage your faith with the media; or dig deep into Old or New Testament, the intricacies of Theology, or the great narratives of Church History.

For more detailed information on any of those options, go to [www.nazarene.ac.uk](http://www.nazarene.ac.uk) or call the college at the number below.

## Nazarene Theological College

NTC welcomes students from all Christian traditions who find the College attractive because of the healthy balance of serious theological study and valuable practical training. As a Partner institution of The University of Manchester, the College offers a range of full and part-time courses, all of which are validated by the University. The College is actively involved in the Manchester Christian community.
